

It's Your Bachelorette!!!!

I'm losing my mind over how this day is already here. Weren't we talking about all of this only a few years ago!

I couldn't be more excited for you. I've been imagining this moment for years and even though I can't be there in person (trust me, I'm heartbroken), I'm there in spirit!

Here's to forever!! I'm cheering and cheering louder than everyone. I hope you can

feel my love and excitement from over here.

You've always been the kind of person who

lights up every room you walk into, and

seeing you so happy and in love with

Ayush has been one of the greatest joy of

my life.

As you celebrate - Your last Toast on the

Coast - I want you to take this moment

& soak it in. Then take a few shots for

me. Dance like no one's watching, laugh

until your stomach hurts, and let yourself

be celebrated by all those who love you.

I can't wait for you to be surprised  
by all the love everyone has planned for  
you - the games, the toasts, the adventure.  
It's going to be unforgettable, and I  
know your squad is going <sup>to</sup> make  
sure you feel like the queen you are.  
I'll be partying with you in spirit  
and more than a few coconut cocktails  
here!

So raise a toast with me!

To you, my beautiful, fierce and  
amazing best friend. I love you to  
moon and back. Ayush better gear up  
because I always got your back.  
Can't wait to hug you!

Love,  
Madhavi.
